

TASKI® Jontec Restore & Care

Multiple speed spray cleaner/maintainer

Description

High gloss spray cleaner/maintainer, for use on coated and uncoated floors. Can be used with low and high speed single disc machine (165 - 1200 rpm). Ideal in combination with TASKI omni system.

Key properties

- Perfect combination of a high quality polymers, wax and effective solvents
- Leaves a thin protective maintenance film
- Especially formulated for use also with high speed single disc machines
- Versatile application
- Unique, patented Odour Neutralizing Technology (O.N.T.)

Benefits

- Effectively cleans and maintains hard floors in one step
- Restores scratched and damaged floor finishes and provides a uniform high shine
- Dries very quickly and permits floor maintenance without restricting area use
- Can be used directly on most unprotected floor materials and with any speed single disc machine, to easily clean and to protect the floor
- The O.N.T. technology destroys malodour molecules and therefore enhances the fresh fragrance

Use instructions

Spray cleaning:

1. First damp mop and fill the product into the spray device of the single disc machine, e.g. TASKI ergodisc omni, equipped with a red pad.
2. Spray the product onto the floor and immediately treat the surface with the machine.
3. The product is also suitable for spray buffing in combination with any speed single disc machines.
4. For a better and sustainable result, we recommend to use TASKI Jontec Restore & Care with a grey Twister Pad or TASKI IntelliPad.

Pad cleaning:

- Soak soiled pads overnight in a 2% stripper solution (e.g. Jontec Futur). Afterwards, rinse thoroughly and allow to dry.

Dosage*

Ready to use, no dilution required.

** The product doesn't contain intentionally added fluorinated levelling agents (PFAS).

*This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.

NO INTENTIONALLY
ADDED PFAS**
