

Diversey™

# TASKI® Jontec Resitol & Care

## Alcohol resistant, floor polish

### Description

Alcohol resistant floor polish, based on a special polymer back bone with innovative wax technology. TASKI Jontec Resitol & Care has superior resistance to alcohol and disinfectants versus conventional floor emulsions. This alcohol resistance makes it ideal to use in a healthcare environment where alcohol hand gels are commonly used. The protective film shows good resistance to wear and foot traffic.

### Key properties

- Superior resistance to alcohol and disinfectant resistant versus conventional floor finishes
- Dries to give a hard durable polymer film
- Good response to buffing

### Benefits

- Ideal for use in a healthcare environment
- Good resistance to wear, even under heavy traffic levels
- Responds well to all common maintenance methods (ideal when maintained with Jontec Tensol).

### Use instructions

1. Treat only stripped and thoroughly rinsed and completely dry floors. Treat porous and damaged floors with Diversey's floor sealer prior to application.
2. Sparingly pour the product onto the floor and evenly spread it while still wet in overlapping lanes of 1-1.5m.
3. Allow to dry completely.
4. Buff with single disc machine before applying subsequent coats.
5. Apply a second coat and where necessary additional coats in the same manner, buffing after every coat including the last one.

### Top stripping and recoating:

1. Use a Diversey floor top stripper to remove one coat of polish and pick up soiled solution with a scrubber drier or wet vacuum cleaner.
2. Allow to dry completely before applying additional coats.

### Dosage\*

Ready to use, no dilution required.

Product consumption: min 20 ml/ m<sup>2</sup> & coat - max. 30 ml/m<sup>2</sup> & coat

\*\* The product doesn't contain intentionally added fluorinated levelling agents (PFAS).

\*This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.

NO INTENTIONALLY  
ADDED PFAS\*\*

## Technical data

Appearance: Milky white liquid  
Odour: Product specifiek  
pH value (neat): ≈ 8  
Relative density (20°C): ≈ 1.03

*The above data is typical of normal production and should not be taken as a specification.*

## Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; [sds.diversey.com](https://sds.diversey.com). Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

## Product compatibility

Treat only deep cleaned, thoroughly rinsed and completely dry floors. Do not dilute or mix with other substances. Do not use on structured plastic (cushioned vinyl) and unsealed wood or cork. Seek advice for use on profiled/studded rubber floors. Do not use outdoors or in wet zones.

## Approvals

Slip resistance 0.5 minimum (ASTMD D 2047).

## Available pack sizes

TASKI Jontec Resitol & Care is available in 2x5L.
