Quality Tools for Smart Cleaning™

ErgoTec® Ninja Tools: Making Tough Jobs a Lot Easier!

The new ErgoTec Ninja provides numerous features for increased efficiency for the professional window cleaner. Channels up to 42" in length dramatically reduce the time needed for cleaning large surfaces, allowing more work in less time. The revolutionary ergonomic design ensures smooth and easy performance – even after hours of intense cleaning.

Product Innovations:

- Adjustable rubber tension ensures perfect results for every window size and channel length.
- Lightweight aluminum channel does not bend and keeps rubber perfectly straight on the glass surface.
- TriLoc mechanism prevents channels from accidentally separating from handle.
