Electrical sauna heater remote control
UKU

reddot winner 2021

UKU + APP

UKU + APP incorporates all the features of UKU Local control console while adding an extraordinarily comfortable remote control option through a mobile app.

With UKU it takes just a couple of clicks on your mobile to have the sauna heated and ready when you get home. UKU can be used with different manufacturers' heaters.

- Temperatures: 40-110 °C
- For heaters up to 18 kW
- Android, iOS, web application
- Calendar booking from App
- Connectable to lights/ventilation and steamer
- Temperature sensor and overheating protection
- Door sensor
- Child safety lock
- Timer
- Supply voltage 400 V 3N / 230 V 3~
- UKU comes in glass, wooden and different coloured plastic cases

UKU Wi-Fi controller requires a connection to a Wi-Fi network in order to communicate with the mobile app.

UKU GSM controller connects to the mobile app through an internal SIM card*, which requires a connection to a mobile network.
* Using the app with UKU GSM is free for the first year and costs 29€ / year thereafter.
