

# TROLLULL STEEL WOOL 200g Sleeve MEDIUM 0 | 1 | 2 Case of 12 Sleeves

## TROLLULL STEEL WOOL

In the 1930s the success story of TROLLULL started in Norway where the „TROLL“ originates from. This omnipresent figure is a quirky yet amicable being in the Scandinavian mythology with plenty of grayish hair which resembles our long-stranded steel wool („ULL“). This combination laid the foundation for today's brand TROLLULL and became the key visual for our packaging. Today TROLLULL is the No. 1 steel wool brand in Scandinavia, Great Britain and Ireland and enjoys strong brand recognition. Our loyal customers highly value this versatile, well worth the money and premium quality product which guarantees perfect results in surface treatment.

**Premium quality since 1930**

- ✓ TROLLULL steel wool sleeves are known for their **grade purity, high elasticity, tear resistance and eco-friendliness**. They may be cut easily to the desired format and are ready for use immediately afterwards.
- ✓ **The medium grades 0, 1 and 2** are particularly suitable for sanding wood, metal, plastic or stone and for cleaning a broad variety of different surfaces.
- ✓ **The multilingual packaging** features detailed work instructions and application recommendations for each required grade.
- ✓ The shipping cartons with just 12 packages of TROLLULL STEEL WOOL 200g are **particularly easy to handle**.
